July 10, 2015

To Whom It May Concern,

I am writing this letter on behalf of the Richard L. Roudebush VA Medical Center's Vocational Rehabilitation/Compensated Work Therapy Program to express support for RJM Logistics, an employer who has been extremely supportive in terms of promoting employment opportunities for Veterans enrolled in our program. The VA Vocational Rehabilitation (VR)/Compensated Work Therapy (CWT) Program provides services and support to Veterans with physical, mental health and substance use barriers to employment with assistance from employers in the community who are willing to offer flexibility and understanding as Veterans work towards overcoming these barriers.

Since 2010, RJM Logistics has provided short and long term employment opportunities for the Veterans participating in the VR/CWT program. Management and staff at RJM Logistics have consistently demonstrated genuine care, support and understanding for Veterans who were experiencing many struggles/obstacles in their lives. These experiences/opportunities have been extremely beneficial in helping Veterans to move forward with their employment goals and subsequently enhancing their lives.

RJM Logistics continues to be a valuable partner with the Vocational Rehabilitation/Compensated Work Therapy Program and I would highly recommend them to any organization/business.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jami Stout".

Jami Stout, MSW, LCSW

Vocational Rehabilitation/Compensated Work Therapy Supervisor
